Dear Director Knight

The Florida Association of Police Explorers would like to personally thank you and your department for providing Trooper Edgardo C. Torres as the head judge during our recent state competition and training June 11 thru June 18, 2005. Trooper Torres was our Accident Investigation judge. He provided much needed training to our explorers as well as being an outstanding and fair judge. Everyone who participated in his event was impressed by his expertise and professionalism. Trooper Torres has participated for many years both as a judge during our annual training competition as well as providing outstanding training during our quarterly delegates meetings.

You, and you can be very proud of your officers who provide considerable training to the explorers. FAPE hopes you will continue to support our organization. We would consider it an honor to have Trooper Edgardo Torres return in the future to participate as a judge.

Should you have any questions about our organization please contact me at (305) 869-2811.

Sincerely,

A handwritten signature in cursive script that reads "Gary F. Beans".
